Bloons TD 3 is an action-packed online game available on Lagged.com, where you defend your base against waves of enemies in the third installment of Bloons Tower Defense. To start playing, simply click the big play button. If you're looking for more games like this, check out Bullet Run or Master of Numbers. In Bloons TD 3, towers are placed along the path to stop bloons from reaching their destination. Each tower has unique abilities to pop bloons before they complete their course. The game features upgrades and new features to enhance gameplay, including new types of towers and bloons, more levels, and different maps. The game offers a perfect balance of strategy and action, with a progressive difficulty level that keeps the game challenging but not frustrating. With various tower options and upgrade choices, players can create unique strategies for each level, providing excellent replay value.
